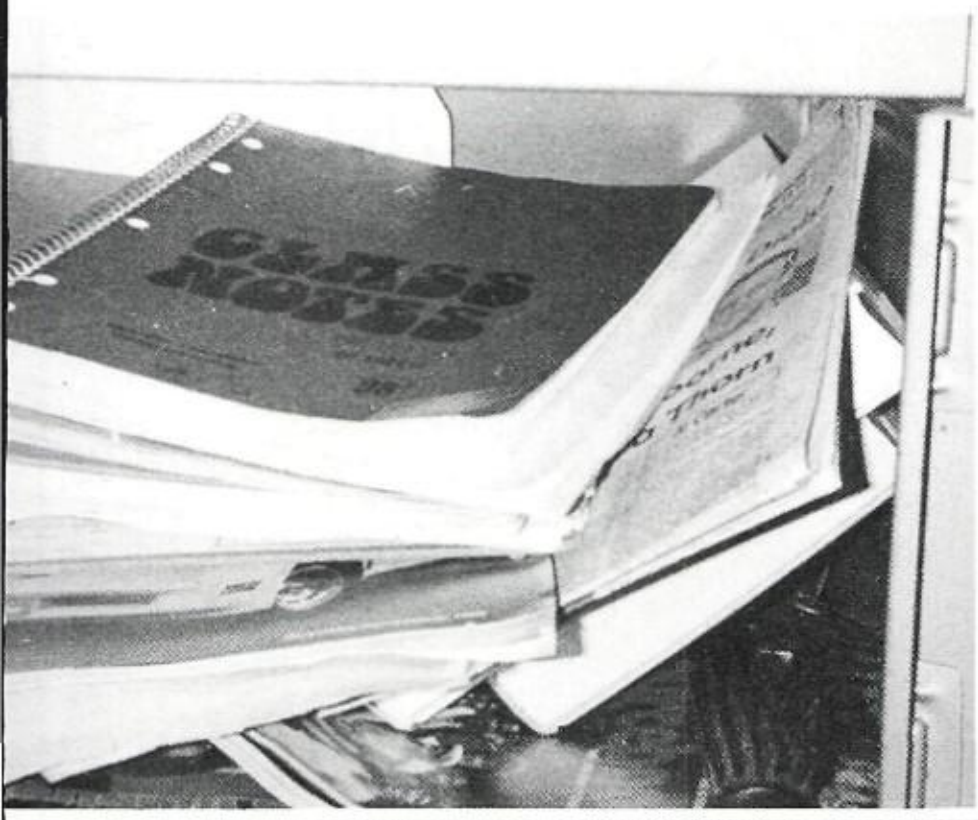
A YEAR OF NEW BEGINNINGS



The 1980-81 year was full of new beginnings. We not only have a new principal, Jerry Burrows, at Cordell High, but we have a new President, Ronald Reagan. As there were many things happening at Cordell, there were many exciting things happening all over the world, such as 52 Americans being held hostage in Iran for 444 days, then being released on the same day our 40th president was inaugurated. Here are a few comments the students made about that day: "After 444 days, every senior boy will sleep better knowing that he will not go to war over the hostages in Iran."

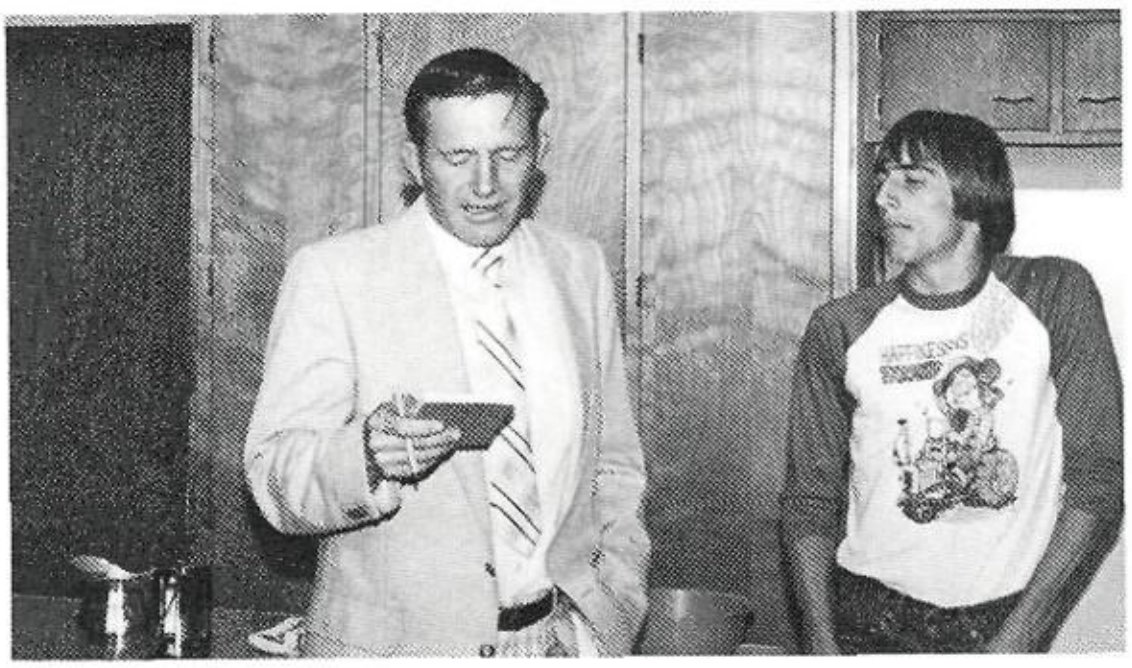
"We should make a parking lot out of Iran." "Americans' prayers were answered on January 20th, 1981."

Some of the changes at CHS include a new AG barn, a microfiche machine for the library, and the arrival of the sophomores. The sophomore class was a very spirited class with high expectations for themselves. Their drive to be champions made up for their inexperience and helped carry the school to a good season in everything they did. They looked forward to joining new clubs, being initiated, waiting for the driver's ed car and passing their driving test.

The junior class's year started off busy by ordering class rings, filling out ACT forms, and preparing for the banquet and prom. They raised money by selling mums for the homecoming, having car washes and bake sales, selling magazines, and having dances.

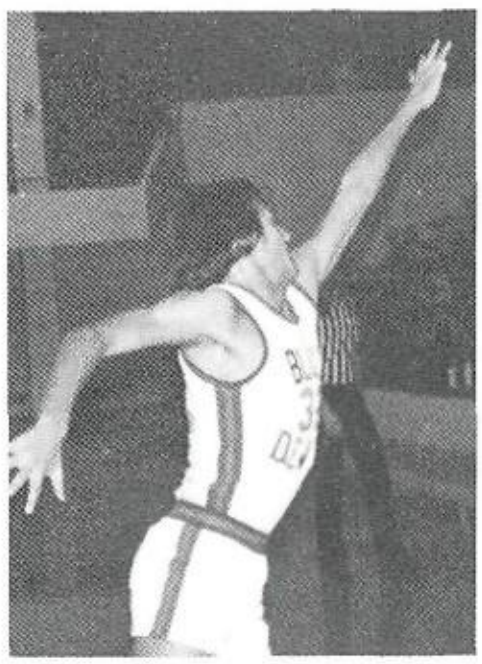
The senior's last year was full of anticipation and apprehension. It was full of ordering announcements, trading senior pictures, visiting colleges and finishing term papers. As the year came to a close also came senior week and their last prom. Some claimed, "I can't wait until graduation," and then spent the whole night crying their eyes out.

Yea, we bad.

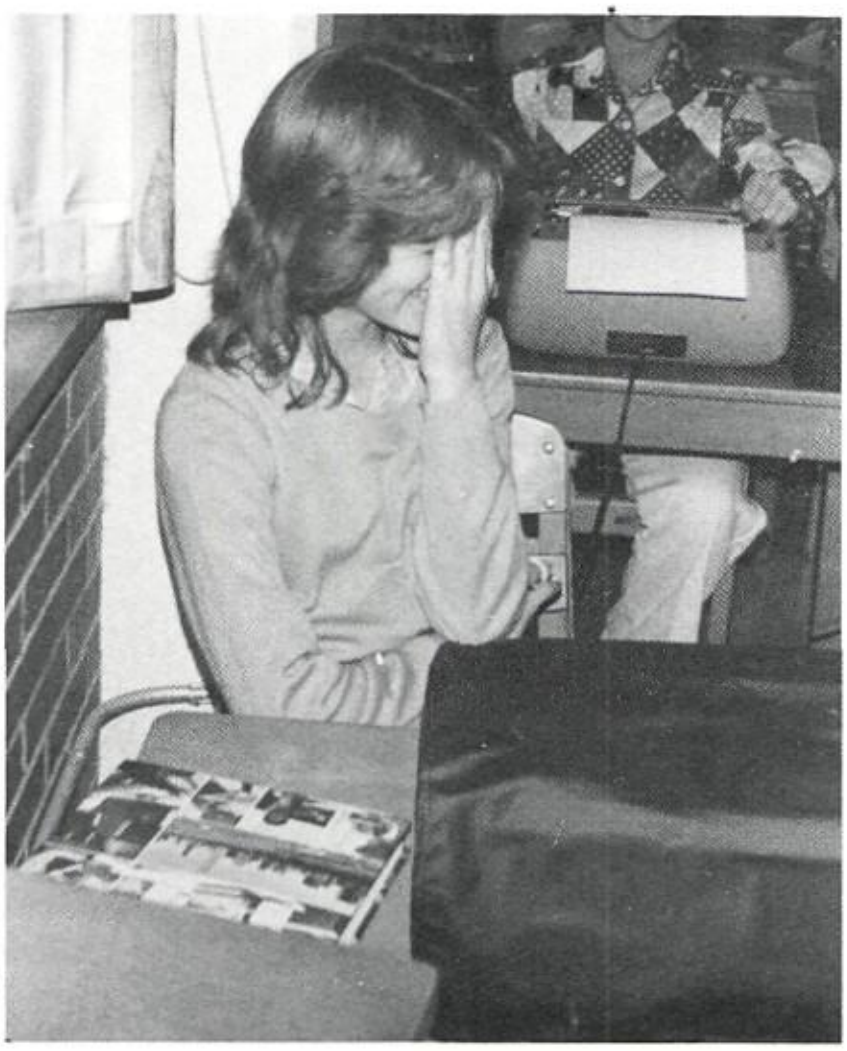


Steve shows his enthusiasm for Mr. Burrows' new rules.

Kris Hoefar listens intently to some good news.



Steve Looper goes up for a block against Snyder.



Something wrong, Sabrina?

Since she began twirling her freshman year, Georgia Garner has won over 130 awards including Miss Majorette of Oklahoma.

Doug Peek asks, "Who turned the lights off?"

Kammy campaigns for Melanie in the American History mock election.

FUTURE FARMERS WIN RECOGNITION

This year the students in FFA were even busier and more involved than they have been. Between attending judging meets and keeping their show animals in top shape, they were left with little free time. The time and effort FFA members spent in caring for these animals was not wasted. Awards were won time and again. These students knew the feeling of personal satisfaction in a job well done, and will continue setting and achieving new goals in years to come.

CHORUS PRESENTS MUSICAL

Looks like Tammy Hempkins has got her another man. This time it's Garrette Mantle.

The high school chorus performed "Guys and Dolls". With Miss Carlson it was hard to go wrong. Everyone worked so hard to make it a success that they pulled it off with flying colors. Give yourself a pat on the back, Chorus, for a good job.

SPORTS

The things students at CHS remember most are the activities they were in and the people who were supportive. This is where the excitement is in Cordell. The cheerleaders were a big help on baking the cakes for the football boys and giving fans enthusiasm. What could be more fun than sitting in the freezing cold at a football game? Or being carried off the field from an injury? What about the people you learn to love and never forget?

Darcy Belter and Sabrina Parrish stand behind the football team even in the cold.

The girls decide to sit this one out.

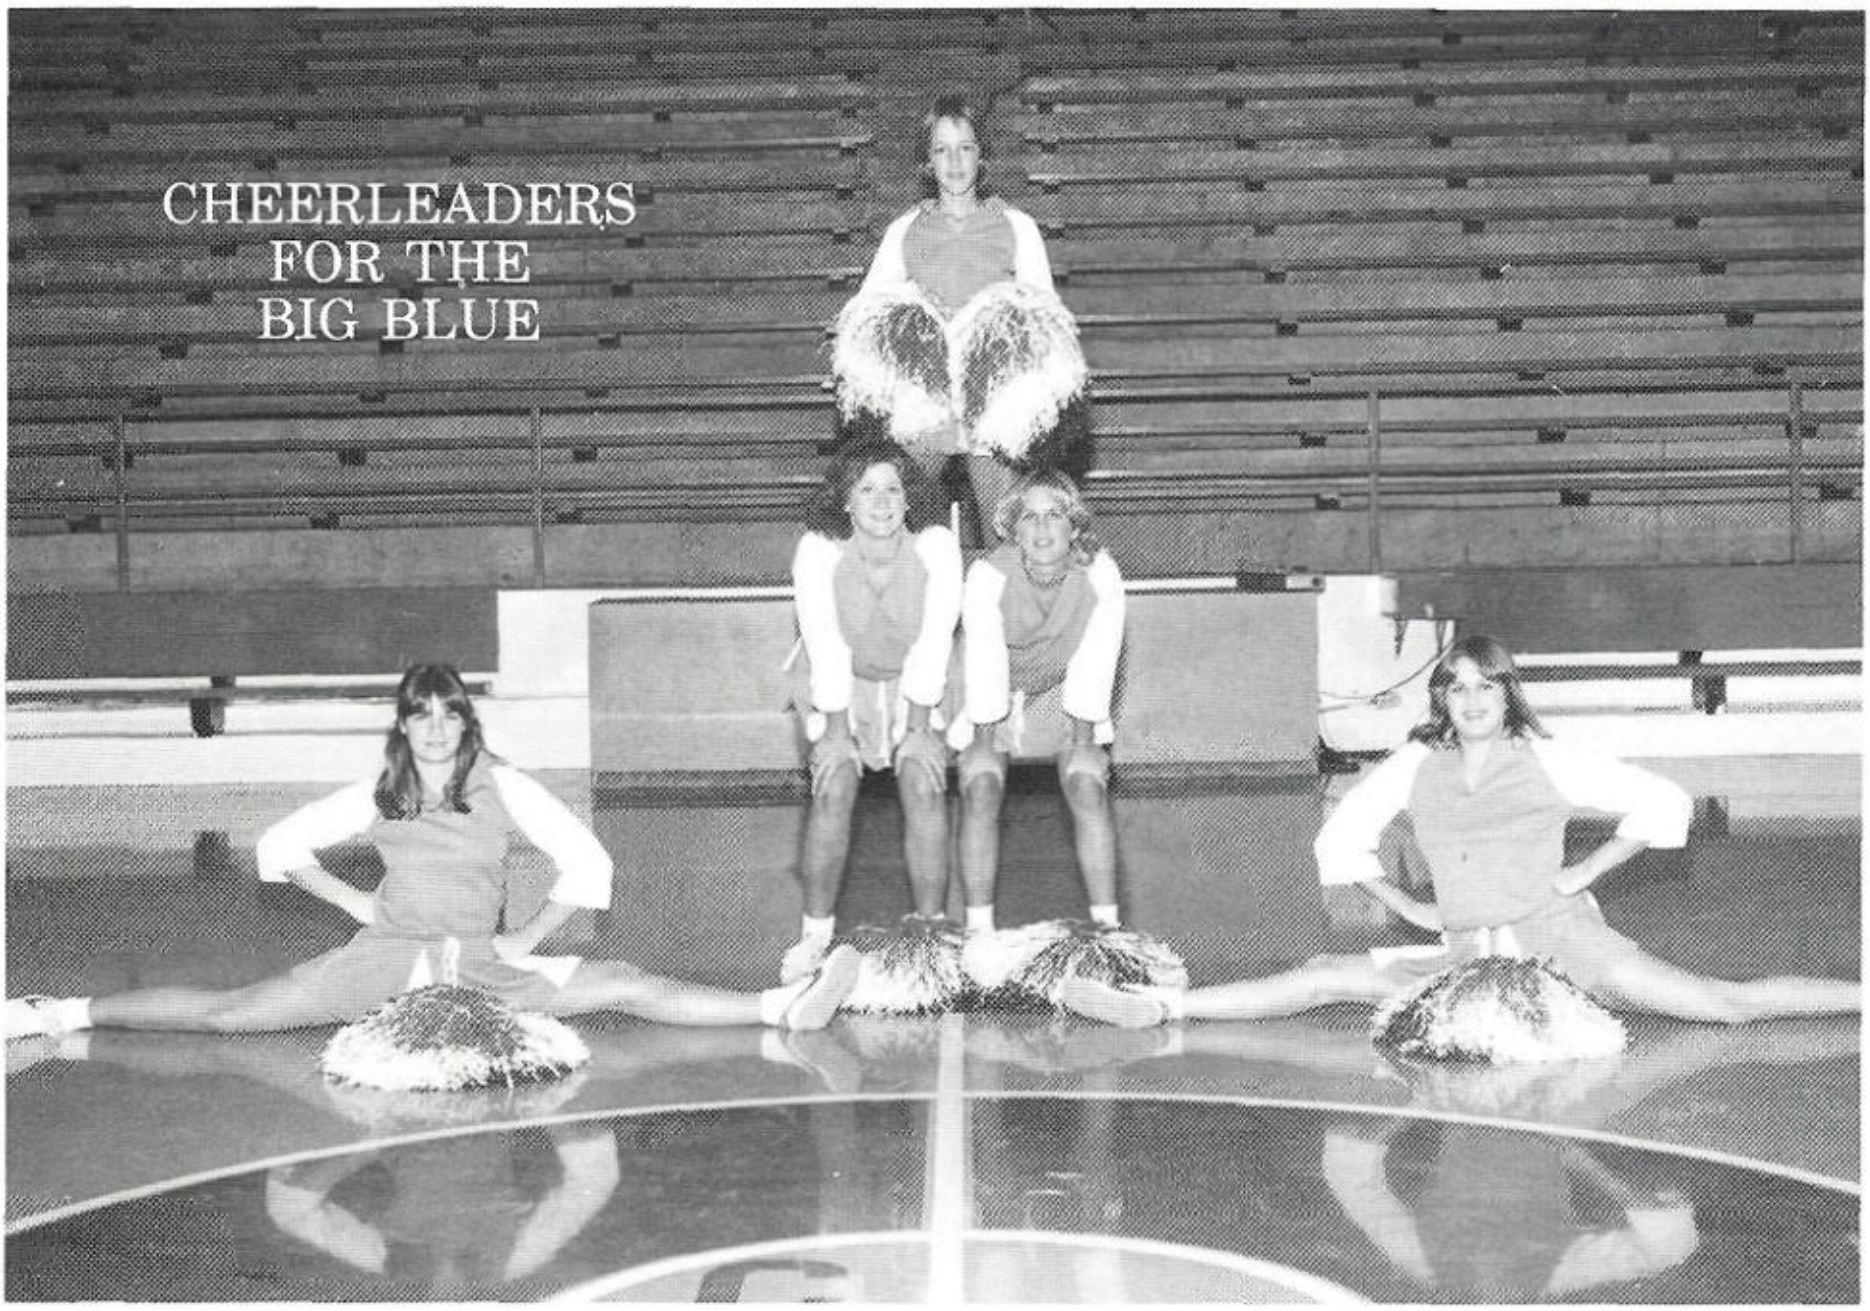
CHEERLEADERS FOR THE BIG BLUE



L to R-Lori Williams, Jacque Hale, Lori Wrightsman, DeAnn Nickel, Denise Nickel.

"Go Big Blue!" - a familiar phrase at CHS. It could be heard in halls, the auditorium, on the football field, and in the gym. No matter where the Devils went, the cheerleaders always followed.

Because of their late start, the cheerleaders had to get organized, learn their routines, and find uniforms all in two weeks. But by the first game they were ready and have done a tremendous job all year long.

The cheerleaders have hoisted the Devil's spirit at pep assemblies with exciting dance routines, making up the coaches' faces, and all kinds of yelling. They've also sponsored dress up day, mask day, blue & white day, and much, much more.

It isn't easy getting fan cooperation and keeping the spirit high, but these young ladies have certainly done their part in making sure that "Cordell Blue Devils are #1."

LETTERMEN & LETTERETTES
SHOW THEIR PRIDE & DETERMINATION

The lettermen and letteretts of Cordell High have been working hard this year, putting in long hard hours of practice and devoting all of their time to give the people of Cordell what they want to see.

We are told that we represent Cordell, as we come out in our blue and white suits to show that we can do the best at anything we attempt and that we can also receive the privileges that entitle us to the tears, hugs & smiles that show we work as a team.

The wins and losses of each season are not past; the experience and the knowledge gained from each game will help us remember the three key factors that qualify us to be a letterman or a letterette. (1) Spirit is the ability to stand up and cheer, not because you feel you have to but because you are proud to be a letterman or a letterette. (2) Determination is what motivates you to out-jump that guy who is 6'2 when you are only 5'2, it is to out-tackle that guy who is coming down the field with three guys behind him, and also to go out on the mat and pin that guy who weighs twice as much as you do. (3) Dedication is the long hard hours of practice, suiting up at every game and only getting to play 3 minutes the whole season. Now that's dedication! That describes any letterman or letterette of Cordell High.

DEVILS GET A KICK OUT OF FOOTBALL

As the thirty-one members of the football team took the field for the '80-'81 season, they had visions of a winning season dancing in their heads. But, once again they proved to us that they could turn out an exciting season with 6 wins and 4 losses. Led by a good coaching staff, they made it to the play-offs, then lost to Deer Creek 25-14. By the time the Devils reached district playoffs, they had suffered injuries at key positions which hampered their chances of winning. But no matter how bad the deficit, the Devils never stopped trying. They pulled together as a team and gave all they had to give.

CAGERS ROLL UP 16-8 SEASON

The Cordell boys have shown that a lot of sweat and hard work can really pay off. Even though they've run up against some tough competition this year, they've proven to still be winners. Cordell fans have given the boys total support and the guys have given them a victory just about every time.

MAYNARD'S RAIDERS TAKE THE COURT

The Cordell girls have shown great improvement. With practices at night, on weekends, and on holidays the extra work has paid off. Coach Maynard has taught the girls to work together and play as a team. The girls, with the help of a new coach, have come a long way and plan to keep improving.

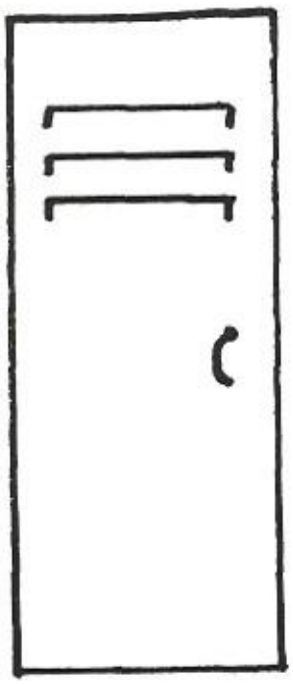
ATTENTION SENIORS!



When the "Class of 81" graduates from High School an average Senior will have completed over 13,000 hours of school which is 2,340 days, or 334 weeks. Seniors are kept so busy with homework, sports, boyfriends and girlfriends that the time just seems to fly. Pondering thoughts, dreaming dreams,
Going to dances, devising schemes,
Planning parties, taking tests,
Always remember, never forget.
School days and teenage nights,
Getting cars and motorbikes.
Watching TV, drive-in shows,
Where's the time gone? No one knows!
Chasing boys and running wild;
Your mom still treats you like a child.
Home by ten, asleep by eleven,
Up in the morning for school at seven.
Graduation comes at last;
We reminisce about the past.
Our high school days have been the best
Always remember, never forget!

HARDWORKING JUNIORS HAVE BUSY YEAR

As Juniors, we have really had a busy year. When school first started, excitement centered around getting our class rings. As the year grew nearer to an end, we were so excited about the prom, we could hardly concentrate on our schoolwork. It was alot of fun decorating, but we were all telling each other . . . "just wait til next year when we don't have to do all that hard work".

As Juniors, we will move forward with great pride to become the spirited class of 1982!!!

Making the final decisions for the prom are the class officers: seated-Blaine Wesner, Secretary-Treasurer; standing left to right-Melanie Henderson, Reporter; Mike Phillips, President; and Barry Bartel, Vice-President.

FIRST YEAR AT CHS

This is the life! What could be more exciting than being a Sophomore at Cordell High? After all the hard work it felt good winning first place on the float. The Juniors and Seniors really gave us a hard time, but we know we will appreciate the hard time later on. This is the first of three exciting years, so we will make these years our best and always remember them.

CHEERLEADERS SPARK SPIRIT

Standing left to right: Sherry Hadley, Tracy Chitwood, Sandra Crane, Cary Rippetoe, Melissa Mazurek. Sitting: Penny Lockwood.

Seldom quiet and seldom at home were the cheerleaders of the 1980-81 Blue Devils. These six young ladies found time in their hectic schedules to attend all of Cordell's sporting events. Ranging from football to basketball to wrestling, these ladies did it all. It's really not that easy being a cheerleader. It takes much work to get fan cooperation, learn cheers and formations, and an extra effort to make homecoming come off well. But ask any athlete how much difference it makes to have the crowd behind you and most will say, "one heck of a lot." Hats off to these fine young ladies who gave up their time and devoted the energies to support the Blue Devils.
